Thank you for your interest in available openings at Marion Charter School. We ask all potential instructional and administrative candidates to indicate your interest via the teachers-teachers.com website. The interview committee will review potential candidates from that site to select interview candidates. Please be sure to review the job description document found under the news section of our website. It contains specific information about the skills we are seeking for our school.

For candidates for non-instructional positions, please fill out the application found under our “resources” tab and submit to the school either in person or by mail. We will call you if we wish to conduct a personal interview. Non-instructional candidates are encouraged to submit a resume with your application.

Thank you again for your interest.
